

Risk Assessment Name: Pure Innovations Travel Training during Covid-19

People involved in completing RA: Fiona Harradine, (H&S Manager) Paul Wainhouse, (Assistant Travel Training Contracts Manager)

Original date of completion: 26th June 2020

OVERVIEW OF RISK ASSESSMENT

The travel training provision works in partnership with local authorities, schools, colleges and other learning providers in supporting young people (pupil and students) with learning, physical and associated disabilities in the following boroughs within Greater Manchester: Bolton, Bury, Rochdale, Stockport and Tameside. Due to Government advice re: Covid-19 Pandemic, specifically the requirement that only essential use of public transport was expected; and the fact that all educational establishments closed, with the exception of access for vulnerable learners of those of keyworkers, all travel training ceased after March 20th 2020.

Government and any other related guidance have been followed to devise this risk assessment, which will be reviewed and amended as guidance changes.

What are the hazards?	Who might be harmed and how?	What are you already doing? (Control measures already in place)	Risk level	Do you need to do anything else to control/reduce this risk?	Action by who?	Action by when?	Done
<p>Clinically Extremely Vulnerable 'Shielded Group'</p>	<p>Clients, staff and members of the public Risk of serious illness/death due to Covid-19 Risk of enforcement action due to not adhering to Government guidance</p>	<ul style="list-style-type: none"> Pure are following current government guidelines to safeguard both staff and clients. Clients that have informed us they are identified as being in the Governments clinically extremely vulnerable group, ("shielded") will not access any of Pure services without additional consideration to minimise further risk and provide safe access to services. If required an individual risk assessment will be completed. Clients in this group will continue to receive virtual support, welfare calls, shopping/prescription drop off and pick up where relevant <p>EXCEPTION</p> <ul style="list-style-type: none"> New Government guidance, (from 5th June 2020):- <i>"People who are shielding remain vulnerable and should continue to take precautions but can now leave their home if they wish, as long as they are able to maintain strict social distancing. If you choose to spend time outdoors, this can be with members of your own household. If you live alone, you can spend time outdoors with one person from another household. Ideally, this should be the same person each time. If you do go out, you should take extra care to minimise contact with others by keeping 2 metres apart."</i> 	<p>Med 3 <i>(if undertaking socially distance walk)</i></p>	<p>No further action required, continue with existing control measures</p>	<p>N/A</p>	<p>N/A</p>	<p>N/A</p>

		<ul style="list-style-type: none"> If following the social distance walk this will be authorised by the team manager 					
Clinically Vulnerable Group, (includes, underlying health condition, age, pregnancy, BAME)	Clients, staff and members of the public Risk of illness due to Covid-19 transmission and spread	<ul style="list-style-type: none"> Clients that have informed us they are identified as being in the Governments clinically vulnerable group, will be given additional consideration to minimise further risk and provide safe access to services. If required an individual risk assessment will be completed. 	Low 2	No further action required, continue with existing control measures	N/A	N/A	N/A
Pure Innovations staff returning to work and/or adhering to new ways of working	Clients, staff and members of the public Risk of illness due to Covid-19 transmission and spread Risk of enforcement action due to not adhering to Government guidance	<ul style="list-style-type: none"> Information has been gathered from staff prior to them returning to highlight any areas of concern If required an adjustment/return to work from will be completed, to look at ways of further minimising risk. This may lead to an individual staff risk assessment Staff are to continue to work from home where they can, although it is recognised in the travel training role, this cannot be done Staff will have been instructed into 'New Ways of Working' along with any relevant guidance for their teams which will be recorded on My Learning Cloud 	Low 2	'New Ways of Working' to be finalised and added on My LC	Fi H & Amanda N	30/06/20	✓
Travel	Clients, staff and members of the public Risk of illness due to Covid-19 transmission and spread Risk of enforcement action due to not adhering	<ul style="list-style-type: none"> Ideally staff will travel to/from, (and during), work in their own vehicle, walking or cycling Pure Innovations staff will travel alone during working hours, they will not car share with colleagues An exercise has been undertaken pre-return to work/new ways of working to identify staff having to travel using public transport, where possible adjustments will be made If public transport is essential by staff then 	Low 2	No further action required, continue with existing control measures	N/A	N/A	N/A

	to Government guidance	<p>a face covering must be worn, (from 15th June 2020 this is the law). Pure Innovations can supply face masks for working hours</p> <ul style="list-style-type: none"> • Staff are not transporting clients in their own vehicles • Pure Innovations staff can travel train where the route involves walking to and from a work/education related location if a safe walking distance can be adhered to in line with current government guidelines. • Pure Innovations may support travel training on public transport, where it is deemed as essential travel and there are no other alternative means of transport • We would only support Travel Training where a client wears a suitable face covering as is law. 					
Accessing Rhino Court – head office	<p>Staff Risk of illness due to Covid-19 transmission and spread Risk of enforcement action due to not adhering to Government guidance</p>	<ul style="list-style-type: none"> • Staff only access Rhino Court offices when deemed essential and with authorisation from their line manager • Staff are aware of 'new ways of working' procedures in place for Rhino Court 	Low 2	No further action required, continue with existing control measures	N/A	N/A	N/A
Training Sessions	<p>Clients, staff and members of the public Risk of illness due to Covid 19 transmission</p>	<ul style="list-style-type: none"> • Staff training should be completed remotely where possible, however where not possible and essential to service delivery we can deliver training at a Rhino Court • The Boardroom will be used as the training room and has been set up allowing for 	Low 2	No further action required, continue with existing control measure	N/A	N/A	N/A

	<p>and spread Risk of enforcement action due to not adhering to Government guidance</p>	<p>social distancing in line with current government guidelines, with supplies of hand sanitiser, wipes, tissues etc, made available</p> <ul style="list-style-type: none"> • Windows will be opened to allow for adequate ventilation • There are procedures in place for use of Rhino Court offices, of which staff have been instructed 					
<p>Infection Control</p>	<p>Clients, staff and members of the public Risk of illness due to Covid-19 transmission and spread</p>	<ul style="list-style-type: none"> • All Pure Innovations buildings/sites we are responsible for will be appropriately stocked with liquid soap, paper towels, hand sanitisers, cleaning wipes, tissues, bins • Increased cleaning to take place during day, alongside contract cleaners • Bins will have any lids removed to limit touch contact and hence potential virus transmission. This has been assessed as less risk than foot pedal bins, where some individuals may still touch the lids • System in place for regular re-ordering of stock • Fans will not generally be used; however, this may be required where the risk to individual's health is greater, (e.g. due to epilepsy and/or adverse weather conditions). It is recommended that any fans used have clip off fronts, so that the blades and the grills can be cleaned • When used, consideration will be given to direction and location of fan. Fans will always be used in rooms where windows are open • Fans will NOT be used if anyone is showing symptoms of Covid-19 • Pure Employment staff have been asked to wear clean clothes each day, washing 	<p>Low 2</p>	<p>No further action required, continue with existing control measures</p>	<p>N/A</p>	<p>N/A</p>	<p>N/A</p>

		<p>clothes before re-wearing. Normal washing of clothes will reduce the risk of germs being transmitted. Wash your hands after handling unwashed clothes</p> <ul style="list-style-type: none"> • Clients have been advised re: clean clothes prior to any meeting, attending their work/education setting 					
<p>Personal Protective Equipment, (PPE)</p>	<p>Clients, staff and members of the public Risk of illness due to Covid-19 transmission and spread Risk of enforcement action due to not adhering to Government guidance</p>	<ul style="list-style-type: none"> • Face masks must be worn, (supplied by Pure Innovations), if travelling on public transport or if supporting a client where current social distancing government guidelines may not be met <p>When your visit does not require you to touch a client, but you need to be within the permitted social distance</p> <ul style="list-style-type: none"> - Surgical masks can be used continuously while providing support, unless you need to remove the mask from your face (e.g. to drink, eat or take a break from duties). - You may wear the same mask between different visits, (if it is safe to do so whilst travelling), so long as you do not need to take the mask off, or lower it from your face - You should not touch your face mask - The mask is worn to protect the staff member, and can be used whilst seeing a number of different clients - You should remove and dispose of the mask if it becomes damaged, soiled, damp, or uncomfortable to use. If removed, you would then need to use a new mask when you start your next visit. <ul style="list-style-type: none"> • Hand sanitisers must be carried when working in the community and are supplied by Pure Innovations • PPE stock levels and re-ordering procedure 	<p>Low 2</p>	<p>Need to include safe use of face masks in 'New Ways of Working' to be created on My LC</p> <p>If Pure Employment staff feel advice given re: PPE in other community/education and/or work settings are conflicting they should seek advice from Health & Safety Manager</p>	<p>Fi H</p> <p>All</p>	<p>30/06/20</p> <p>On-going</p>	<p>✓</p>

		<p>in place</p> <ul style="list-style-type: none"> • Pure Employment staff will follow the PPE supply guidance • Staff are inducted into safe use of PPE • Other PPE is currently available, but not essential, for any identified tasks currently within Pure Employment; gloves, aprons & face visors, (where risk of splashes). If staff wish to carry a supply this is currently possible, but may change dependant on supply levels • Clients must follow their employer's guidance on PPE for their job role and have received appropriate training to their needs in how to use safely • When job training or supporting in another setting, (e.g. work place/education), then Pure Employment staff should follow PPE advice given on that site 					
<p>Socially distanced initial meetings/ handovers</p>	<p>Clients, staff and members of the public Risk of illness due to Covid 19 transmission and spread Risk of enforcement action due to not adhering to Government guidance</p>	<ul style="list-style-type: none"> • Meetings will ideally be conducted virtually, (e.g. Zoom) • No meetings are carried out in the home environment • Meetings can be conducted in client's gardens or suitable outdoor space, in line with current social distance government guidelines. Current Government guidance states <i>"meeting outdoors in a group of up to 6 people with those you do not live with, but you should do this while observing social distancing guidelines"</i> • Staff to make initial contact through phone call to clarify if the client/family has an outside space where the initial meeting can take place. Outside spaces include gardens with external access to prevent entering the house and risk of infection • Staff to make contact on the day of 	<p>Low 2</p>	<p>No further action required, continue with existing control measures</p>	<p>N/A</p>	<p>N/A</p>	<p>N/A</p>

		<p>meeting to ensure no one in the household is or has displayed symptoms of Covid-19 before meeting goes ahead</p> <ul style="list-style-type: none"> • If Covid-19 symptoms disclosed meeting to be re-arranged at a minimum of 7 days after symptoms appear, (if symptomatic and live alone), or 14 days if a household member has symptoms • Staff carry hand sanitiser, applying frequently and when getting back into own vehicle • Staff to adhere to the current government social distancing guidelines, where there is a possibility this may not happen staff are supplied with a face mask • Staff to take own pen for own use • Ideally no paperwork/equipment should be shared between Pure Innovations staff and client/family to reduce the risk of infection/spread. Pure Innovations brochure and materials will be emailed to client/family • Where it is essential to get a signature, the signed paperwork is returned to the Pure staff member and placed straight into an envelope, (only handled by staff), hands should then be sanitised • Essential meetings can take place at another indoor venue authorised by the staff members line manager, (e.g. schools, internship sites etc.) It should be checked that there is a Covid-19 risk assessment and appropriate guidance in place, following the most up to date Government advice • These sites must be authorised by Government as being able to be open

<p>Socially distanced walks <i>Including travel training</i></p>	<p>Clients, staff and members of the public Risk of illness due to Covid 19 transmission and spread Risk of enforcement action due to not adhering to Government guidance</p>	<ul style="list-style-type: none"> • Current Government guidance states <i>"meeting outdoors in a group of up to 6 people with those you do not live with, but you should do this while observing social distancing guidelines"</i> • There is different Government advice if a client is in the Clinically Extremely Vulnerable, 'Shielded Group' – please follow guidance in that section of risk assessment. • Client will be trained in accordance with Government guidance around social distancing wherever possible. • Travel training to be considered at quieter times of the day • Staff to make contact on the day of meeting to ensure no one in the household is or has displayed symptoms of Covid-19 as stated in the Government guidance before training goes ahead • If Covid-19 symptoms disclosed, travel training to be re-arranged at a minimum of 7 days after symptoms appear, (if symptomatic and live alone), or 14 days if a household member has symptoms • Client and family will be made aware that there is a requirement to wear appropriate face protection whilst in the public arena. • Travel training to be suspended if client fails to adhere to Government guidance • Use of public transport will be limited to necessary parts of the journey only • Client, or family member to immediately report ANY symptoms linked to COVID-19 to the travel trainer • Clients will be met outside of their home by the travel trainer. Travel trainers are not to enter the home to prevent risk of 	<p>Low 2</p>	<p>No further action required, continue with existing control measures</p>	<p>N/A</p>	<p>N/A</p>	<p>N/A</p>
---	---	---	---------------------	--	------------	------------	------------

		<p>transmission to household</p> <ul style="list-style-type: none"> • If meeting client somewhere away from their address, the client must make their own way to the location • Staff carry hand sanitiser and administer frequently, especially after alighting public transport • Staff to adhere to the current government social distancing guidelines, where there is a possibility this may not happen staff are supplied with a face mask • Staff avoid highly-populated areas and high touch areas wherever possible although it is necessary to ensure the safest route is always used. • Staff supporting will already know the clients and will have read and signed their personal risk assessment, where applicable • If staff have to intervene due to safety and touch/hold a client so they are not in danger (e.g. stop them stepping into the road whilst there is traffic) – once the intervention is complete staff to use hand sanitiser - Once travel training has been completed, travel trainer to complete a physical intervention form. 					
<p>Someone displaying symptoms of Covid-19</p>	<p>Clients, staff and members of the public Risk of illness due to Covid-19 transmission and spread Risk of closure to Pure's services</p>	<ul style="list-style-type: none"> • If any clients/staff show symptoms of Covid-19, during the working day they will return home and asked to isolate for 7 days • The will be asked to remind family members that they need to self-isolate for 14 days • If anyone displays urgent medical signs then emergency medical support will be sought, stating that the individual is showing symptoms of Covid-19 • If a suspected or confirmed case of Covid- 	<p>Med 4</p>	<p>Any reports of someone displaying Covid-19 symptoms whilst being supported by Pure Employment must be reported to both Dave Ferrier, (Operations Director) and Fiona Harradine, (Health & Safety Manager)</p>	<p>All staff</p>	<p>On-going</p>	

		<p>19 has been identified cleaning will be undertaken using detergent and disinfectant with 1000 parts per million of available chlorine or a product that is effective against enveloped viruses, (refer to 'Covid-19 Cleaning Guidance' on My Learning Cloud)</p> <ul style="list-style-type: none"> • External cleaners will be notified • Any cleaning material used will be doubled bagged and left for 72 hours before being put in waste 					
--	--	---	--	--	--	--	--

Likelihood	Severity		
	Low 1 (Other injuries or illnesses)	Medium 2 (7-day injury or illness defined by RIDDOR)	High 3 (Death or major injury , as defined by RIDDOR)
Low 1 (harm will seldom occur)	Low 1	Low 2	Medium 3
Medium 2 (harm will often occur)	Low 2	Medium 4	High 6
High 3 (harm is near certain)	Medium 3	High 6	High 9

1-2 Low Risk

3-4 Medium Risk – can any further action be taken to minimise risk

6-9 High Risk – take action immediately
